

Roar Of Cannons Greet's President Harding As He Reviews The Atlantic Fleet

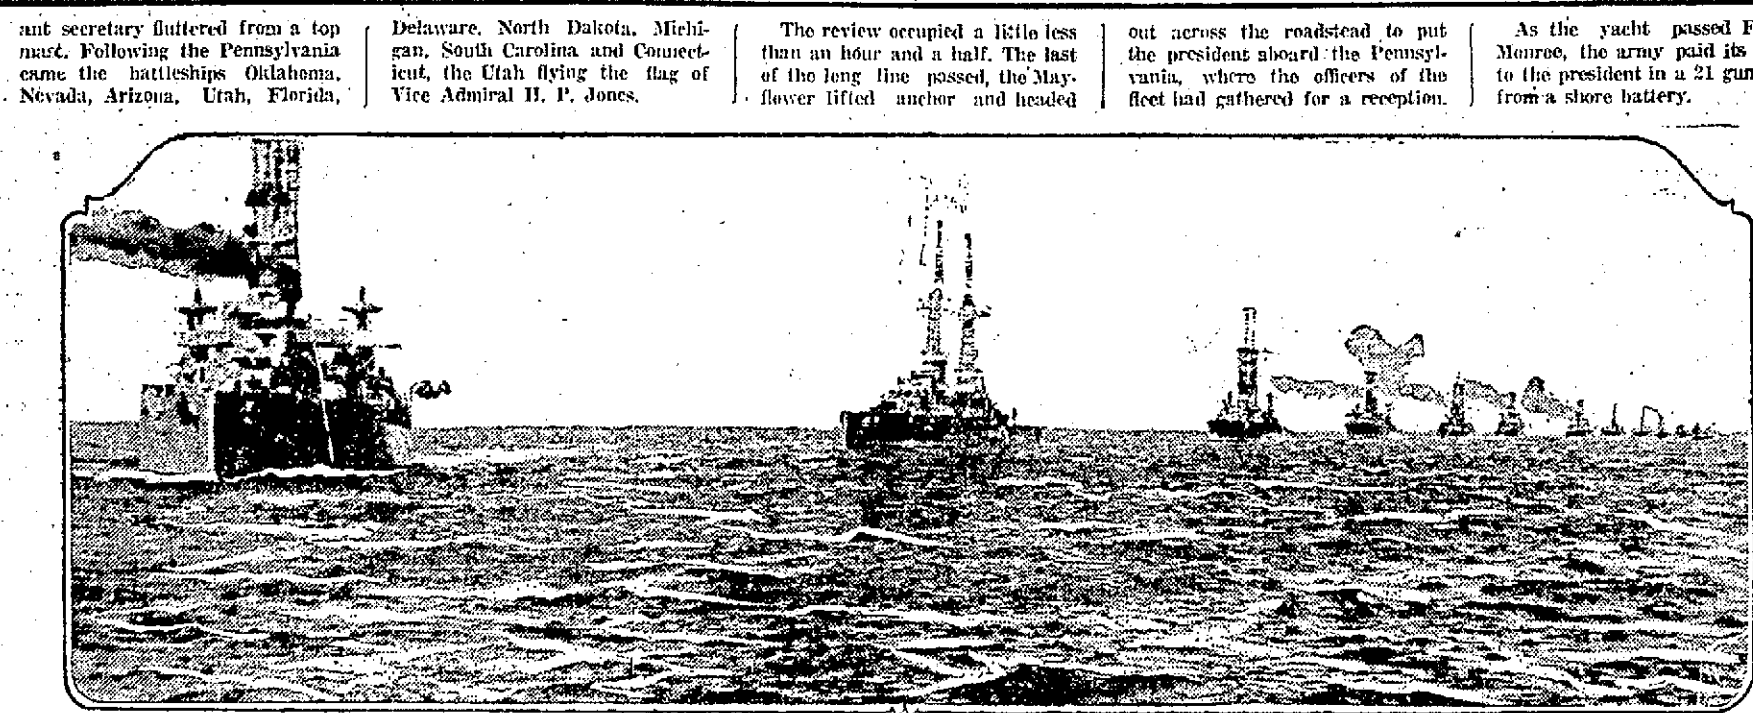

OLD POINT COMFORT, VA., April 28.—The Atlantic fleet, bringing back a new record of accomplishment from its southern drill grounds, passed in ceremonial review before President Harding today as it entered home waters in Hampton Roads. More than 60 ships of war, led by the flagship Pennsylvania, were in the long column that filed by to pay a commander in chief's honors to the president as he stood with Secretary Denby and a party of officials on the bridge of his yacht, the Mayflower. A low cloud curtain screened the sunlight from the pageant, softening the grim lines of deck and turret, but adding a hint of near-dusk to the sombre picture, for the fleet wore the gray now used in peace and war alike, and decks were cleared almost as for action, a precaution always taken at sea.

It was Mr. Harding's first review of any part of the nation's sea power since he assumed office and it was the navy's first opportunity to salute him. From the proud flagship Pennsylvania down to the humble "beef boats" and from admiral down to blue jackets, ships and men, were sleek and alert for the occasion.

Before the fleet entered the Virginia capes, the Mayflower, which came down from Washington last night, with President and Mrs. Harding and their party, was at anchor off Thimble Light. Nearby was the naval yacht Sylph, on which Secretary Denby and members of the house naval committee came to Hampton Roads, while private yachts, excursion boats and ferries clustered around the reviewing party.

With Admiral Wilson, fleet commander, on the Pennsylvania, was Assistant Secretary Roosevelt, who made the cruise from Guantanamo with the fleet and was on the flagship's bridge when she passed the Mayflower. The blue and white flag of the assistant secretary fluttered from a top mast. Following the Pennsylvania came the battleships Oklahoma, Nevada, Arizona, Utah, Florida, Delaware, North Dakota, Michigan, South Carolina and Connecticut, the Utah flying the flag of Vice Admiral H. P. Jones.

The review occupied a little less than an hour and a half. The last of the long line passed, the Mayflower lifted anchor and headed out across the roadstead to put the president aboard the Pennsylvania, where the officers of the fleet had gathered for a reception. As the yacht passed Fortress Monroe, the army paid its honors to the president in a 21 gun salute from a shore battery.

FRANCE, BRITAIN REJECT OFFER

BERLIN, April 28.—A semi-official statement was issued here today suggesting that the German government was willing to modify its reparations proposals if asked by Washington to do so, and that by such an action a basis of agreement could be reached.

LONDON, April 28.—Mr. Lloyd George, the prime minister, speaking in the house of commons today on Germany's reparations proposals, said: "I very much regret to say that they are thoroughly unsatisfactory, and I wish it had been possible for me to say that they after the situation."

The Prime Minister declared that the British government was committed to action, so far as the West Phalian coal fields were concerned, if the German reparations proposals were unsatisfactory. He added: "It is not for me to say whether another opportunity will be given Germany or not."

900 GERMANS TO BE TRIED FOR CRIMES OF WAR

BERLIN, April 28.—Nine hundred Germans, whose punishment has been demanded by the entente for crimes committed during the war, will face trial at Leipzig, beginning May 23. Seven judges will sit at the court, and will first hear witnesses against minor offenders on a supplemental list.

The trials of Non Commissioned Officer Heine, charged with abusing British prisoners; Captain Mueller, commander at the prison camp at Flavy-le-Martel, and Private Neuman, who is alleged to have maltreated prisoners at the prison camp at Pommersdorf, will be the first to be taken up. Captain Neuman, commander of G-boat 67, which sank the hospital ship, Dover Castle, will be arraigned some time in June. Forty-seven witnesses have been called from England to testify in the first three cases.

The British, French and Belgian governments will have representatives at the trials, but Germans will conduct the prosecution and the defense.

German Note Will Not Get Any Farther Than Secretary Hughes' Desk

WASHINGTON, D. C., April 28.—Sir Auckland Geddes, ambassador from Great Britain, and the Belgian ambassador, Baron DeMarschelle, also conferred with Secretary Hughes today.

Prince De Chigi, counselor of the French embassy, had an engagement to see Mr. Hughes, acting for Ambassador Jusserand, who is absent.

It is believed that Mr. Hughes has an accurate knowledge of the decisions of the allied governments.

LONDON, April 28.—Germany's attempt to clarify certain of her reparations proposals, in compliance with the request of the British foreign office yesterday, was said in official circles today to have resulted in even greater confusion. Great Britain has asked for further explanations, and the interchanges are continuing, although they are said to be entirely informal.

The present position of Great Britain is understood to be that the proposals are still "sketchy" and very unsatisfactory. As the outgrowth of the British query of yesterday, Germany, it is stated, now suggests that the annuities extend over a period of from fifty to seventy-five years or even longer, instead of the forty-two years originally mentioned. This is declared in official circles to be a sample of the "evasive methods" of Germany, which can not be allowed to continue.

Great Britain has requested information in regard to the proposed international loan which it is declared it could not be floated at four per cent, according to the German terms.

Tariff Bill Gets Favorable Senate Report

WASHINGTON, D. C., April 28.—The emergency tariff bill, designed for the relief of the farmers and to check dumping of foreign goods, was ordered favorably reported today by the senate finance committee.

The measure approved by the senate committee differs radically from that passed by the house anti-dumping and currency valuations provisions having been sharply revised, although tariff provisions were not changed. A provision to continue government control of dye importations through the treasury department was added by the senate committee.

Germany Outstripping All Other Nations In Production

NEW YORK, April 28.—Germany, through the economy and sacrifices of her working people, had settled down to real production and is outstripping the United States and allied nations in the fight toward normalcy, Charles M. Schwab declared here today in an address before the chamber of commerce of the state of New York. Mr. Schwab was the guest of the chamber at a reception given in recognition of his service to the country during the war.

"Germany today can put a ton of steel in England at a price \$20 a ton cheaper than England can make it," he said, "and is selling pneumatic tools in Detroit, where formerly we shipped such machinery to Germany and sold it cheaper than she could make it."

"The difference is solely a matter of labor costs."

"It is estimated that 5,000,000 men are out of work in this country. It is of supreme importance to the working man as well as to the capitalist to restore our prosperity."

"Never before was the need for such products so great; never before was such valuable producing machinery and facility available; never before was there so much that needed to be done."

"I have just returned from Europe, and I came with renewed admiration for the courage, the enterprise, the determination displayed in Italy, Belgium, France and England. Germany was ahead of all of them in production."

"Is it possible that after winning the war, we of the allied nations, with everything in our hands, will allow Germany to win the peace through the efforts of her labor?"

"Labor on the whole can be paid only what labor as a whole earns, and if some sections of labor exact more than their share of the current produce of the world, other sections are going to suffer. I understand that our railroads today pay to labor over 60 cents out of every dollar received. The labor cost of making a ton of steel is 55 cents out of each dollar of total cost."

"Labor costs underlie our railroad difficulty. They are the cause of the excessive railroad rates. We formerly sold pig iron at a profit at about \$14 a ton. Today the total freight rates involved in making a ton of pig iron are more than \$14."

"But big railroads can not give service even at present rates with their existing costs."

"Railroad costs must come down and it is in the interests of national prosperity that our government, acting through the railroad labor board and every other agency, shall reduce railroad wages and bring costs down to the living point. The same situation confronts our merchant marine."

"Insofar as our people in America are prepared to go to work at reasonable wages, insofar as we are prepared quickly to abandon the artificial extravagances of the war, will we lay the foundations for a new prosperity such as we have never enjoyed before?"

"This is the route through which not merely America, but the peoples of our allies can find their way out, and triumph in peace as they did in war."

Miners Reject Government's New Offer

LONDON, April 28.—The miners' federation today rejected the government's new offer, looking to a settlement of the coal strike, increasing the temporary subsidy to the industry from 7,500,000 pounds sterling to 10,000,000 pounds sterling. The rejection was by an overwhelming majority.

Plans Survey Of Farm Credit Situation

WASHINGTON, D. C., April 28.—Governor Harding, of the federal reserve board, announced today that he would begin next week a personal survey of the farm credit situation in the mid-west and southwest.

The board, the governor said, had thought it advisable that he make a tour of the farming areas so as to learn at first hand the problems of the country bankers and trade organizations. Mr. Harding will leave for Chicago Monday to visit the Chicago federal reserve district, which comprises parts of Illinois, Indiana and Iowa. Returning to Washington the middle of May for meeting of the federal reserve governors, he will leave later for Kansas City, Topeka, Nashville, Oklahoma City and other localities.

The real crux of the farmers' problem, in the view of Mr. Harding, is the foreign situation.

The federal reserve board, Governor Harding said, has no specific plan for relief of the farmers. He explained that the reserve banks could not make direct loans to farmers, but could only rediscount the loans of member banks.

Matthews Fails To Revive The Chiropractor Bill

COLUMBUS, O., April 28.—Another futile attempt to revive the Lauby Chiropractors' bill to establish a separate state board to license chiropractors, was made in the house late last night, when Representative Matthews of Portsmouth, moved to re-open the organization committee of the bill and have it placed on the calendar for passage.

When the house adopted an amendment to the Matthews motion transferring the bill to the public health committee, the attempt to advance the bill on the calendar was abandoned and Matthews' motion with the amendment, was defeated.

Some Early Novelties From The Spring News Garden

Probe "Disasters" While At Sea

LONDON, April 28.—Cases of ships being lost at sea have become more numerous during the last four or five months that the marine insurance agencies here are instituting investigations into the circumstances of these "disasters."

Those cover some cases in which the full claims have already been paid. In other cases they have resulted in the holding up of insurance payments pending inquiries while still other cases, it is declared in insurance circles, likely will end in criminal proceedings.

The most suspicious circumstances attending many sinkings, the underwriters declare have been their almost infallible occurrence within safe reach of land. In underwriting quarters it has been a common remark that never have so many ships been lost with so little loss of life. The Spanish and Portuguese coasts and the Mediterranean have been the scenes of the majority of recent deathless sinkings.

Another fact noted by the underwriters is the frequency of losses and cargoes: just three or four days before the expiration of insurance policies on high wartime valuations.

Locked In Ice Box

CLEVELAND, O., April 28.—Engelbert Gelzer, grocery store and meat market proprietor, was locked in the store ice box early today by two bandits, who rifled the cash drawer of \$300 and escaped. After the robbers left Gelzer broke a window in the ice box and escaped.

American Girl Saves Dog; Holds Up Ship

MONTEVIDEO, Uruguay, Apr. 28.—Refusal of an American girl on board the steamer Aeolus, to abandon her dog to the unfriendly hands of the Uruguayan health officials prevented the liner tying up at its wharf and led to the prospect of the steamer being forced to discharge its cargo in the outer harbor.

When the sanitary officials boarded the ship and discovered the dog they ordered the animal killed, it being the quarantine regulations due to the presence of the rinderpest in Brazil. It was held that the dog must be considered to have been in Brazil when the vessel stepped in Rio Janeiro on her trip from New York and therefore must be sacrificed.

The owner of the dog, Miss Muriel Cornelle, of New York, informed the authorities that the dog belonged to her brother who was killed in France during the war. Comrades found the dog guarding his master's dead body and one of them brought the animal back to New York and delivered it to her. "I would rather you would kill me than kill that dog," said Miss Cornelle. She chose to remain on board and return with the dog to New York.

Butter Prices Are Melting

CINCINNATI, O., April 28.—Visions of again obtaining creamery butter for table use at pre-war figures, were seen here today when one of the largest local butter dealers reduced his price to the retailer 4 cents a pound. This makes a total decline of 10 cents a pound in four days and brings the quotation on the whole-milk creamery, extra grade, the best butter purchasable, down to 40 cents a pound, wholesale.

Bare Necessities Cost \$700 A Month

CLEVELAND, O., April 28.—The bare necessities of a millionaire's wife were listed at \$700 a month by Mrs. Mary T. Jardons, who today asked that this amount be allowed her pending the outcome of an alimony suit against her husband, George C. Jardons, of the manufacturing firm of Jardons and Oliver.

On the witness stand Mrs. Jardons read a detailed list showing why she needed \$700 a month. She declared even with this amount she would have difficulty in maintaining a modest home. The list follows:

For clubs and entertainments, \$100.

Cost of running an automobile, \$125.

Expenses for clothes, \$125.

Salary for maid, \$65.

Laundry and cleaning, \$30.

Table expenses, \$125.

Repairs on her home, \$25.

Dentist and physician, \$35.

Upkeep of lawn and porches, \$15.

Cleaning windows, \$10.

Insurance, \$55.

Taxes, both real and personal, \$55.

Miscellaneous expenses, \$50.

Her petition states Jardons has property in excess of \$1,000,000, and that his annual income is more than \$100,000.

Would Probe Vet's Treatment

WASHINGTON, D. C., April 28.—Investigation by a special senate committee of conditions among disabled soldiers and the administration of soldier relief is proposed in a resolution introduced today by Senator Walsh, Democrat, Massachusetts. The committee is to be composed of five members, and would be charged especially with an inquiry into the work of the war risk insurance bureau, the federal board for vocational education and other relief agencies.

Bowler Falls; Fractures Skull

CINCINNATI, O., April 28.—William Burke, 41, was reported in a serious condition at a hospital here today suffering from a fracture of the skull. The police report is that Burke, fell while bowling and that the force of his head striking the floor caused the fracture.

HELD IN POSTOFFICE ROBBERY
CHICAGO, April 28.—Harry Hiram and George M. King, both of Toledo, were arrested here, for alleged participation in the Toledo post office robbery.

National Bank Is Controlled By Negroes
CHICAGO, April 28.—The first National Bank to be controlled by negroes—the Douglass National Bank of Chicago—was ready for business today. Its charter was received yesterday from the comptroller of the currency at Washington. Only one white man, the chairman of the board of directors, is connected with the bank in any capacity.

Stock in the institution, which opens with \$200,000 in capital, and \$50,000 in surplus, is to be sold exclusively to Chicago negroes.

WASHINGTON, D. C., April 28.—Appointment of Charles R. Forbes, of Seattle, Wash., as director of the bureau of war risk insurance, to succeed R. G. Cholmeley-Jones, who resigned, was announced by Secretary Mellon.

John A. Grimes Ill; At Hospital

Friends of John A. Grimes, of 1624 Second street, will regret to learn that he is in Schirmer hospital, where he was taken this morning, after being taken suddenly ill with hemorrhages of the intestines. Mr. Grimes has been at the summer home of his brother, H. E. Taylor, on Brush Creek the past few days on a fishing trip. He had not been feeling well for some time but there was no indication of the seriousness of his condition. When he felt much worse yesterday he went to a physician at Extonville, and secured temporary relief, but suffered from hemorrhages during the night. He was brought home this morning, and later was taken to the hospital.

City Briefs

Two diamond rings valued at \$300 which were stolen from a well known local citizen Tuesday were recovered Wednesday through the activities of Chief Distel. The sparklers were found in possession of two youths, according to the Chief, and when they surrendered the rings promptly the owner expressed a desire not to press charges against the lads.

Another pouring out party was held by the police Wednesday night when an order issued by Judge Sprague, Chief Distel destroyed three gallons of moonshine whiskey by pouring the "joy water" into the sewer at the rear of police headquarters in the presence of quite a crowd. The liquor destroyed was seized and confiscated in raids by the police in various parts of the city in recent weeks and it was consigned to the fishes in the river without ceremony.

Smith Dismissed
William Smith, who was picked up at the show grounds Wednesday night after the incident after he told the police a tale of war about being robbed of \$20 by two colored women who he declared extracted the money from his pocket, denied guilt when brought before Judge Sprague in Municipal court Thursday. After hearing his story the court dismissed Smith after cautioning him to seek different company next time.

"PLAY EVENING"

The "Play Evening" at the Lucasville Community hall last night was a success from start to finish. The building was well filled with enthusiastic children and grown-ups of all ages. After those who had the program in charge had arrived, the ceremonies soon started with a grand march. Miss Jane Woodell, a representative leader of New York province, her ability in inspiring the crowd to play and laughter, for under her leadership an hour of jolly time was devoted to games for both old and young. It became almost impossible to proceed with the games because the participants were convulsed with laughter.

After the games, everyone adjourned to the upper floor of the building where R. A. Selby directed a lively sing with violin and guitar accompaniment by Mrs. Jos. T. Mitchell, of Ladonia, White, and Oakley Heaherlin. The readers Misses Dorothy Goetz and Ruth Miller contributed some enjoyable numbers to the program.

ARRIVE IN LONDON

F. L. Marting, of the Marting Bros. Company, received a cablegram today from Albert Marting, announcing the safe arrival of the delegation of 60 merchants of the National Retail Dry Goods Association in London Wednesday, just seven days after they sailed from this country. The trip was made on the steamer Olympic and when only several days out of London the delegation received welcoming radio messages from the Lord Mayor of London and other notables. The delegation will spend six weeks in England, studying business conditions. Several of the party, including Mr. Marting, will visit Europe before returning.

KEYSTONE TIRE PLANT BURNED
ERIE, Pa., April 28.—Fire of unknown origin destroyed the Keystone Rubber plant here today with a loss estimated at \$500,000. It was stated that 1,400 workmen would be thrown out of employment.

Four Executed By The British

CORK, April 28.—Four men convicted of making war against British crown forces were executed by a firing squad at the military barracks here this morning. There were Patrick O'Sullivan, Maurice Moore, Patrick Tomkyn and Thomas McInchey. This makes a total of eleven men executed here during the last few months. The execution of six men in February had a swift sequel in the shooting and killing of five soldiers stationed at Cork and in the wounding of several others, one of whom later died. The prisoners were taken from their cells and shot in pairs. The authorities refused to give the bodies to the relatives. They were returned to the Cork jail for interment.

House Passes Naval Bill

WASHINGTON, April 28.—After defeating all amendments designed to register sentiments towards disarmament, the house today passed the annual naval appropriation bill, carrying \$336,000,000 of which \$90,000,000 is for continuing construction on vessels. The bill now goes to the senate. No roll call was ordered, but on a rising vote the speakers announced 212 yeas for the bill, and 155 nays.

GOVERNOR DAVIS CHARGED WITH MAKING THREATS BY SENATOR

COLUMBUS, O., April 28.—Senator Charles F. Brand, of Champaign county, arising to a question of personal privilege in the senate this afternoon when the minimum wage bill came up for discussion, charged that Governor Davis had threatened an attack upon him in 45 newspapers of the state if he refused to support the Schirmer bill after having previously requested him to amend the bill and "take the teeth out of it."

Brand said the governor made this demand upon him yesterday morning after he had voted the night before in committee to kill the Schirmer bill and reported out a substitute bill. He said the governor gave him two hours to "think it over" and return.

"I did not go back to the governor's office," said Brand, "and last night the attack came in a Columbus paper and I suppose in other papers."

"As my honor and integrity are involved in this attack, I must answer," Brand then explained that he had never been to the Schirmer bill, but that he was not in favor of smothering the bill in committee and had made it possible to get the question before the senate by voting for the substitute bill.

Senator Brand charged that Governor Davis had charged front on the minimum wage question. Brand said: "The same day Governor Davis came out forcibly and publicly for a minimum wage for women, an hour after his declaration was printed he told me he wanted the Schirmer measure changed—taking the teeth out of it. He asked me to have Mr. Laylin at his office Monday morning to formulate amendments for that purpose. Mr. Laylin brought me the amendments and here they are."

"I have not changed my position with respect to the measure. I do not know when the governor changed his views, as expressed to me when he requested me to have the amendments prepared, pulling the teeth out of the Schirmer bill."

A thorough investigation of alleged attempts to coerce and intimidate members of the house of representatives to vote to take the fisherman's license bill from the table, is to be by a committee appointed today by Speaker Beetham, under provision of a resolution introduced by Representative Freeman, of Hardin county, and

which was unanimously adopted.

There was said to be a possibility of the committee recommending criminal prosecution of persons alleged to have been responsible for an attack on Floor Leader Crabbe, of Madison county. The attack on Mr. Crabbe was yesterday against taking the bill from the table and thus encompassing its ultimate defeat.

Representative Griswold, Republican, of Geauga county, an attorney, is chairman of the committee that will make the investigation. Other majority members are Calvert, of Clark county, Lipp of Hamilton, and Harling of Warren. Representative Weygandt, of Cuyahoga county, is the minority member.

The resolution calling for the investigation asserts that the charges of intimidation and coercion "have cast a grave reflection on the administration of the fish and game division of the department of agriculture."

The committee is given full authority to summon witnesses and is to report its findings to Governor Davis and to the house.

Collision Aired In Police Court

An echo of a collision between automobiles which occurred at Fourth and Court street Wednesday afternoon about four o'clock came in Municipal court Thursday afternoon when F. E. North, 735 Chillicothe street, and T. Harrison, driver for the Lewis Furniture company, appeared to answer to charges of reckless driving.

North was driving north on Court street and crashed into a Ford truck owned by Carl Gore which was standing on the west side of Court street when he claimed he was forced to cross the street to the west side of the street to avoid a collision with the

furniture company machine which was traveling west on Fourth street. The radiator of the Gore machine was smashed and after hearing the testimony the court was inclined to the opinion that North was in the wrong, but as Gore expressed a desire not to press the charges if the damage to his machine was made good, Judge Sprague continued the case for one week to give the parties an opportunity to adjust the matter in which event the charges will be dismissed.

Bloodiest Payroll Holdup In Mexico

HOUSTON, Texas, April 28.—In the bloodiest payroll holdup in the history of the oil fields of Mexico, a band of 15 Mexican bandits held up officials of the Agri Coal Company and obtained approximately 125,000 pesos in

Mexican gold near Tampico, April 21, according to delayed advices reaching Houston. Ten persons were killed, including two bandits, in the fighting that accompanied the holdup.

To Vote Saturday On Knox Peace Resolution

WASHINGTON, April 28.—An informal agreement for a final vote next Saturday on the Knox peace resolution was reached today by the senate.

The agreement was reached after attack on the resolution had been made by Senator Nelson, Republican, Minnesota, followed by Senator Underwood of Alabama, Democratic

leader, no other senators being ready to proceed. Senator Underwood and Senator Lodge, Republican leader, arranged that absent senators should be notified of the time for the vote and the debate ended for the day with adjournment of the senate.

F. N. Tynes Succeeds Francis Mack As Manager Of The Lyric Theatre

Beginning next Monday, May 2, Fred N. Tynes will be manager of the Lyric Theatre on Chillicothe street, in addition to the Columbia on Gallia street.

Francis M. Mack, who recently resigned the management of the Lyric Theatre, will step down Saturday. He will take a long automobile tour, after which he will spend a month or six

weeks in Atlantic City. He has many offers to manage theatres, but prefers to buy or build one for himself. He is so situated that there was a possibility that he would remain in Portsmouth.

Mr. Tynes is one of the best known movie managers in Ohio and the Lyric and Columbia under his able management will no doubt enjoy very liberal patronage.

File Your Personal Tax Returns

The time limit for the filing of personal tax returns expires next Saturday.

Each and every individual is liable for his or her return, whether they have received a blank or not and may secure one by calling at the auditors office which will be kept open from 6 to 8:30 Thursday evening and throughout the day Saturday to receive returns from late comers.

The swimming pool will be open this evening under the auspices of the Girls Community Club to all young women of the city. Miss Mary Griffin will teach swimming to all who come. Come on along—the water's fine.

Mr. and Mrs. Liston will reside in Columbus.

LOCAL NEWS

The next sum of \$450 cheer will be realized by James Dickey Post, No. 23, American Legion, from the sale of tickets for the Thoma Royal circus here Wednesday.

The Legion received 25 per cent of the gross receipts, their share amounting to about \$675. The Legion paid for the licenses and water rent and for cleaning up York park and today when all expenses had been figured it was found that the sum of \$450 would go into the Legion treasury.

Commander Dr. S. D. Reggels wishes to thank the public for the loyal support given the Legion on circus day. Russell Haley was chairman of the Circus Committee and worked hard to dispose of the Legion's share of the tickets.

REOLO

BUILDS STRENGTH
AND ENERGY

Are You Worn Out and Tired at the End of the Day?

Too Tired to be Efficient

A hundred people describing their weary condition would each tell it differently. One can't think, another is drowsy, the next feels weak, others are irritable, moody, depressed, apathetic, as the case may be. To this great class of sufferers comes Reolo, one of the greatest reconstructing agencies ever devised for definite accomplishment of the individual's activities. It is a great tonic, invigorates the production of red blood corpuscles, contributes to the defense of the system against depletion and consequent exhaustion and in many other ways makes you feel that something has touched that one flickering vital spark you thought was about to go out. No amount of description can adequately convey the difference between the feeling of lack of nerve and the rebound, the freedom from depression, the vigor that cause so many men and women to fall in their tracks, to go to sleep at the switch or stand still when the order is to go ahead. If you would really like to get acquainted with your real self, get a \$1.00 box of Reolo today.

Your druggist can tell you about the wonderful results from Reolo that he has witnessed.

WHITAKER-GLESSNER CO. ANNOUNCE PLANS TO BUILD NEW WIRE-ROD MILL

The long talked of new wire rod mill to be built by the Whitaker-Glessner company is to become a reality. It is to be located south of the city in New Boston and when ready for operation will give employment to from 350 to 400 skilled workmen. The plant is to be the last word in rod mills and will be equipped with the very latest machinery for the turning of all kinds of rods.

The announcement of the company's intention to go ahead with this proposed new mill will be hailed here with extreme gratification as it will mean much to the future of Portsmouth. It will be concrete proof that the Whitaker-Glessner company has faith in the city's future and the only logical point to build the new rod mill is adjoining their present immense plant. It is another step forward for this company and with the addition of a rod mill the big plant proper will be well rounded out.

When asked just how soon work will be started, Mr. McFarland says he could not tell and this would not be definitely determined until the officials arrive here and go over the ground. Plans for the mill have been completed for some time.

The announcement was made at the director's meeting in Wheeling when it was decided to go ahead with the new mill.

When work is started on it and the plant is ultimately placed in operation there will be a big demand for houses in this city. In fact local real estate dealers aver that the mere announcement of the building of this plant will cause many people to buy homes as they will be in great demand. The news from Wheeling is really the best Portsmouth has received in a long time and is just what has been needed to stimulate various lines of business. It will mean a greater and much larger Peerless City.

The fact that only skilled workmen are employed in a rod mill is another big feature of the proposed project. If 350 men are employed it will mean the addition of about 3,500 more people to Portsmouth. This is a proof that something will have to be done to relieve the house shortage. It is acute now, but what will it be with the addition of 1,500 and possibly 2,000 more people?

The report of the annual meeting held at Wheeling follows:

WHEELING, W. VA., April 28.—At the annual meeting of the stockholders of the Wheeling Steel Corporation today, the retiring members of the board of directors were re-elected for three more years. They are Joseph Coudon, Isaac M. Scott, Albert C. Whitaker, Howard Hazlett, Earl W. Ogilby and Frank M. Work. Alexander Glass was elected chairman of the meeting and G. Wilbur Herkin, secretary.

The stockholders approved unanimously the acts of the stockholders' board of directors and executive board at the formation of the company. The annual report of the board of directors to the stockholders was read by Secretary Herkin.

Gross Profit \$24,044,339.58

The report of the corporation showed a prosperous condition. Savings from operations and other incomes following deductions for maintenance totaled \$24,044,339.58. Provisions for general depreciation, exhaustion of minerals, interest on bonds, interest on borrowed money and reduction of inventory values amounted to \$7,843,237.77, while money laid aside for income and profit taxes, loss on sale of marketable securities and bond discount, left a net profit for the year of \$11,276,271.66.

The report also gave a number of other interesting items. During the

WHAT A TONIC DOES FOR YOU

AND WHY YOU NEED IT IN SO MANY INSTANCES WHEN YOU ARE RUN DOWN, NERVOUS OR HAVE HAD TO ENDURE GREAT STRAIN OR WORRY OF ANY KIND.

A tonic is something which puts tone, energy, strength and endurance into you. It gives a push to your heart, making it pump the blood over your body more vigorously; it makes your lungs expand more fully and thereby take up more strengthening oxygen from the air you breathe; it makes your kidneys work better and carry off the poisons which would otherwise accumulate in the body; it makes your digestive apparatus perform its work better and give your blood the material it needs for feeding and sustaining your body; it makes your brain act more vigorously and enables you to think more accurately and for long periods without fatigue; thus bringing you greater success in whatever business, profession or undertaking you are engaged.

When you are rundown, nervous, half sick, down-hearted and about ready to give up, experience of many years has shown that one of the best remedies to pull you out of this bad predicament is good old organic iron. But be sure the iron you take is organic iron, the kind that is found in plants, and not metallic iron, which people usually take. Organic iron may be had from your druggist under the name of Nuxated Iron. It often increases the strength, energy and endurance of weak, nervous, tired out folks in two weeks' time. Beware of substitutes. Always look for the word "Nuxated" on every package and the letters N. I. on every tablet. Sold by all druggists.—Adv.

Year 353,516 gross tons of ore were mined from the company's mines, and \$81,105 tons of coal. The by-product plant at Follansbee produced 334,094 net tons of coke. The production of the manufacturing plants for the year was 667,588 gross tons of pig iron; billets and slabs, 726,722 tons. Semi-finished and finished production, 1,000,912 tons.

16,601 Workers Employed

The volume of business done by all companies including inter-company shipments totaled \$99,822,887.54. The pay roll amounted to \$94,019,005.31. The average number of employees was 16,601, and the average wage per employee was \$2,649.25.

Commenting on the year's business, the report, which is signed by Alexander Glass, chairman of the board, and by Isaac M. Scott, president, says:

Since the turn of the year, prices have been materially reduced, but no substantial increase in buying has resulted. Plant operations so far this year have averaged about 40 percent of the rated capacity. In order to meet the changed condition, economies in operation and management have been effected whenever possible, including reductions in wages and salaries.

At the present time improvements at Steubenville, which, when completed, will increase the raw material output of that plant to an extent sufficient to carry for the sheet and tin bar requirements of the corporation's mills.

New Portsmouth Mill Planned

The board of directors has also decided to construct a modern wire rod mill at Portsmouth together with finishing equipment for the manufacturing of fence and other kinds of wire, aim of the management will be to conserve the company's cash as much as possible, realizing that in all probability, not only will all the present available funds be required within the next two years but a large amount of additional.

The outlook for the future is not reassuring for until it is possible to book business in sufficient volume to permit of economical plant operations, even moderate profits cannot reasonably be expected. Your company's financial position is sound, as will be noted by reference to the statement, and its manufacturing facilities are such as to permit it successfully to compete for a full share of any going business in its particular lines.

COMING OF PLANT WILL MEAN ERECTION OF 200 NEW HOUSES

"That is the best news Portsmouth has received in a long time," Samuel Horchow said last night when he learned definitely that the Whitaker-Glessner company would go ahead with their proposed new wire and rod mill.

"This announcement means that the bankers' building and loan officials and house builders of this city will have to carry out their agreement to build 200 houses to take care of most of the employees this new mill will bring to Portsmouth. Several weeks ago the bankers, B. of L. men and builders met at the invitation of the Industrial Committee of the Chamber of Commerce and passed a resolution whereby they would build 200 houses as soon as the steel plant company announced definitely that the new rod mill would be built. This news has been confirmed and it is now up to these organization to build them and they will do it and very gladly," Mr. Horchow said today.

"It is another step forward for Portsmouth and is proof of a convincing nature that the steel plant officials have implicit faith in the stability of the Peerless City."

Mr. Horchow said that Bellaire and two other cities were anxious to build the 200 houses provided they would get the rod mill. He says its acquisition to Portsmouth not only rounds out the Whitaker-Glessner plant, but adds materially to the industrial side of Portsmouth. Mr. Horchow says the Industrial Committee of the Chamber of Commerce worked faithfully to have the rod mill located here and should be given its full credit of praise for the successful termination of their efforts. He is chairman of this committee.

At the present time improvements at Steubenville, which, when completed, will increase the raw material output of that plant to an extent sufficient to carry for the sheet and tin bar requirements of the corporation's mills.

James Payden, colored, 1013 Eleventh, legs bruised.

When a section of the reserved seats of the Rhodes-Royal circus fell about 3:45 o'clock Wednesday night, during the evening performance, the above thirty persons sustained injuries, most of which needed the attention of a physician, while there were perhaps many more who received minor injuries and bruises which did not demand such attention. Only a few of the persons occupying the top seats of the section which fell, escaped injury, although B. Frank Bennett, councilman, did escape without even a bruise. He was on the top row, but in falling, fell on part of the side wall of the tent, which broke his fall and caused him to roll out from under the tent and from under the mass of wrecked seats and humanity.

Although there are more than thirty persons listed among the injured, Miss Irene Slattery, 13-year-old daughter of Mr. and Mrs. A. J. Slattery of 1415 McConnell avenue, suffered the most serious injury, a broken ankle. The father and daughter were seated near the bottom of the reserved seat section, but when the section gave way the little girl's foot was caught by the seats and she was held in the one position until some of the people were carried or removed from the boards which pinned her foot and leg. She was removed from the circus grounds by automobile and was attended by Dr. J. W. Jordan.

Only three suits in attachment for damages were filed against the circus management.

The largest suit was by A. J. Slattery for Irene Slattery, asking for \$500 damages for the broken ankle. Mr. Slattery also filed suit for \$250 for damages, his shoes being torn and feet damaged. Mrs. Ina Sargent of

Rhodes avenue, New Boston, had her shoes damaged and asked damages to the extent of \$7.00. The three suits were settled in Municipal Court last night before the circus moved on to Circleville.

Several different causes for the accident are advanced. Some were of the belief that faulty construction caused the seats to give way, while the circus officials claimed that small boys, who found their way in under the side of the tent moved the braces and that this caused the seats to fall.

The seats went down with a crash, and although the greater part of the crowd consisted of women and children, there was very little crying or screaming. The throng that faced the capacity of the main tent seemed to take the accident as a matter of course and very little excitement prevailed after the management announced what had happened and dispelled rumors that several persons had been seriously injured. Many of those in the accident say that it was not so miraculous how so many escaped with only slight injuries. The greater number were injured about the feet and ankles, the result of the seats catching their legs as they fell.

Mrs. W. O. Feurt of Soloto Trail was near the bottom of the reserved seat section with several friends and she says that shortly after taking their places they felt the seats sinking and moved to the ground seats.

The tangled mass of humanity was assisted to the outside of the tent by police, American Legion members and circus employees and it only took a few minutes to clear away the wreckage of seats. Some few persons near the section that fell did not care to risk remaining longer and left the show.

Mrs. Frank Duncan, Mrs. W. T. Harcha, Frank Duncan and Mrs. Davidson were treated at Schirman hospital. Miss Mahaffey was treated by Dr. H. H. Morgan. Thursday Dr. Schirman attended more of the injured persons.

The reserved seat section that fell was crowded as was every other part of the big tent. The reserved seat sale was very heavy long before the performance started and by the time the show started every person that could possibly find a seat in the reserved seat section had crowded in. Many thought that the overcrowding caused it to give way but Manager C. G. McMahon, manager of the circus said that the bigger the crowd the firmer the seats as the weight caused the supports to become more solid. Mr. McMahon said that the seats were erected under the direction of Superintendent D. C. Hahn who gives this work his personal attention each day. Manager McMahon called at Schirman hospital and expressed regrets over the accident and on behalf of the circus management paid the entire medical bill.

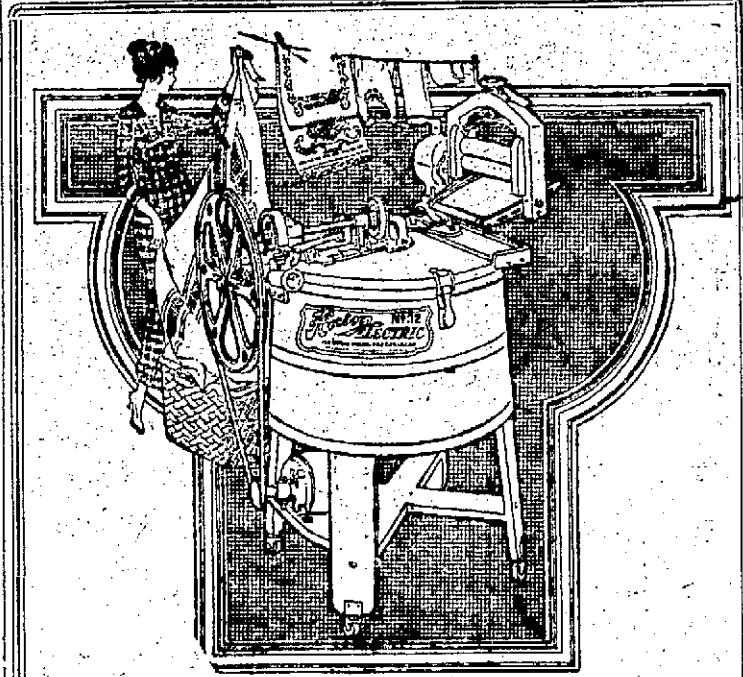

Miss Jewel Ward, daughter of Mrs.

C. P. Ward of 617 1/2 Chillicothe street, side where she revived. Mrs. Warren Colley, who was injured had her two sons. She was assisted to the outside by children with her, but they escaped uninjured.

Dr. Harry Schirman had his two children Harry Jr. and Mary with him but they escaped without any injury.

Earl and Walter Manley of Cincinnati and Miss Alice Boone of Manchester, who are visiting in the city, were in the section that fell but were

among those who escaped with a good shaking up. Among the large number of others who were in the reserved seat section that fell were Ralph Mohl, Edwin Shump, Prof. R. B. Reed, Arthur Miller, Miss Alma Miller, Miss Ruth Craigmiles, Miss Mabel Moritz, Miss Mac Kain, Miss Ruth Klingman, Miss Stella Koger and Stewart Gims.

MISS DOLLY WISE

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—As you have helped so many, I am coming to you for help. I am a country boy and kept company with a girl named Nancy when I was in the country but have come to town now and would like to get acquainted with a Nancy. If you know of any please print her name and address. Now Dolly, if your name was Nancy, probably you would do. Thanking you.

HARLIN.
Dear dear, the Fates have it that my name is not Nancy, and the worst of it is, that I know of no Nancy's.

Dear Dolly—Can you tell me something to clean brass without scratching it. Also is oatmeal good for softening water for bathing? WIFE.
A splendid method is to use water in which potatoes have been boiled to wash brass. It will come out bright as new.

Portsmouth, Ohio, April 26th, 1921.
Dear Miss Wise—
I would like to reply to the party who in the last issue of the Times writes a lament from Sciotoville and signs "A Mother." (I sincerely hope that your columns will NOT be over-crowded and you will find space for the following.)

One of the greatest troubles with the world today, is that so many people would rather see some car running up and down the sidewalks barking and snapping, or snarling at ever passing, rather than to see some little innocent child playing with a scudder car, roller skates, or something or other with which they might amuse themselves and have a heart so hard as to suggest in the columns of the daily papers that a law might be applied or made prohibiting children

from playing, and jumping and laughing and having a good time. I wonder where the mother who asks for this kind of a law would find men with so hard a heart to make such a law. I don't believe there is any. I have never heard of any man who became sick, or died from the effect of loss of sleep, caused by being disturbed by some as she calls them two-legged animals playing in the sidewalk in front of the house. I would be glad to contribute to the welfare of any who have been so unfortunate as to lose their husband in this way.

"Animals, a swarm of Loons and little ponds" as they are called and get off the street, off of the curb, yes out of existence. I suppose that some ground may have plenty of room to parade up and down the sidewalk with some early-haired, four-footed car, to the end of a string, and if not that perchance out of the way of our car, whose occupants is my husband, my daughter, my people and I, for if you do not we may have to run up some tree, or telephone pole to keep from killing you. In conclusion I would ask the Mother who is so well versed in the laws of the State of Ohio to familiarize herself just a little with the laws of God, and read viz: "I say unto you despise not one of these little ones, if you better for you that a mill stone be tied about your neck and you be drowned in the midst of the sea." and again, "For of such is the Kingdom of Heaven." Any man or woman who does not love children, look something indeed and that something cannot be bought with money.

Signed A. FATHER.
P. S.—I would be glad if you print my name as I am not ashamed of the foregoing. Yours truly
CHAS. A. STANTIL,
1214 Third St.

To Whiten and Clear the Skin

Muddy or sallow complexion, skin that is marred by freckles, blemishes, or pimples, can be cleared and whitened in a very short time by using the following:
Mix some glycerine and salicylic acid and dissolve in water. You will find the result to be a beautiful white cream and by its liberal use a tremendous improvement will be noted in the complexion within a few days. The ingredients may be obtained in any drug store.

For Who Have So Often Wished For Something That Really Would Take Away the Wrinkles.

Just learn what a difference there can be between a cream freshly made at home and one that has been standing for months on a drug store's shelf.
The skin can be brought back to its original plumpness and vigor by the following formula. An astonishing result is the quick disappearance of wrinkles, little and big, crow's feet and lines of age. It is simple and can be prepared in a few moments, by adding to half a pint of water one tablespoonful of glycerine and two ounces of eucalyptol, obtained from your druggist. This takes years from your appearance and is always sure and positive in its work if you will apply it liberally, every day.

To Have the Arms Fats Soft and Free from Hair.

You can be sure that there is but one sensible way to remove hairs from the arm pits and in fact from any part of the body. It is foolish to "burn" them off, injuring and irritating the skin. Just moisten the hairs with sulfo solution. This will actually dissolve away the hairs completely, and leave the skin superbly soft and smooth. It will not irritate the most delicate skin. Safe solution may be obtained at nearly any drug store.

Your Manners

It Is Correct.
When introducing a woman to another woman and a man, to introduce her to the woman first.
When a man meets another man and a woman of his acquaintance for him to greet the woman first.
When a man escorts a woman on the street, he is to attend to her, to have business for him to leave her within a convenient building.
When a man who is with friends at a restaurant desires to leave the table for him to ask permission of the hostess.
For him to return after a few minutes.

It Is Not Correct.
For a man to leave the woman he is escorting alone on the street while he attends some private business.
For a man to leave a woman alone at table in a restaurant unless it is absolutely necessary.
For a man who is a member of a party in a restaurant to absent himself from the table for more than a few minutes except when dining.
For a man in a party in a restaurant to dance at all unless he ask for dances from all the women in the party.
For a man in a party in a restaurant to dance more than twice in succession with the same woman.

A WIFE IN THE MAKING

BY PHYLLIS PHILLIPS

THE NEW HOME
"Our home is just the other side of that hill," said Jane to her new sister-in-law, as the car sped along the road. "And although it's not the grandest place in the world, specially to anyone who has been raised in the city, I'm sure you'll like it, Cherry."

"I'm sure that I shall, Jane," Cherry answered cheerfully. "And I think this country is awfully pretty. Min! Nuddy, look at that lovely apple orchard, do," pointing to an orchard, riotous with pink-white blossoms, which scented the air for miles around. "And oh, that cunning little cottage, right on the edge of it. What a perfect spot to live in."

"Betty Hopkins and her husband live there," Jane explained. "They have been married about two months, now, and are still honey-mooning. Jerry couldn't take off time to go on a truly honeymoon, you see, for the crops had to be tended to and all that, but I think they have been very happy right in their little cottage. And the orchard has been a constant bribe bought at their doorstep."

"There's Betty now, over there, in a pink dress and sunbonnet," called Ned. "Oh, Betty, look at that lovely apple orchard, do," pointing to an orchard, riotous with pink-white blossoms, which scented the air for miles around. "And oh, that cunning little cottage, right on the edge of it. What a perfect spot to live in."

"I know that you'll love it here, with us all, and you won't need to wear those any more either," she said laughing and pointing to Cherry's gloves. "My, it seems ages since I had on a pair of them. Never could get used to wearing gloves again, I'm sure. My hands are a sight, I know," spreading out two sun-kissed paws ruefully, then with a low laugh of happiness, she assured them that she didn't care a little bit, even if the sun had up and changed her hands from white to brown. They felt better so, and Jerry kissed them every night, and told her they were the dearest hands in all the world. Wasn't that enough for any bride?"

Then with a last greeting to Cherry, she ran back to her gardening and the car once more sped on towards the Randall home.

The big, white house stood on the outskirts of the little town, a very big house, it seemed to Cherry, with bright green shutters, the kind she had always loved most, and a large garden, which at that moment was full of old-fashioned flowers and flaming plants.

AN OPEN LETTER TO WOMEN

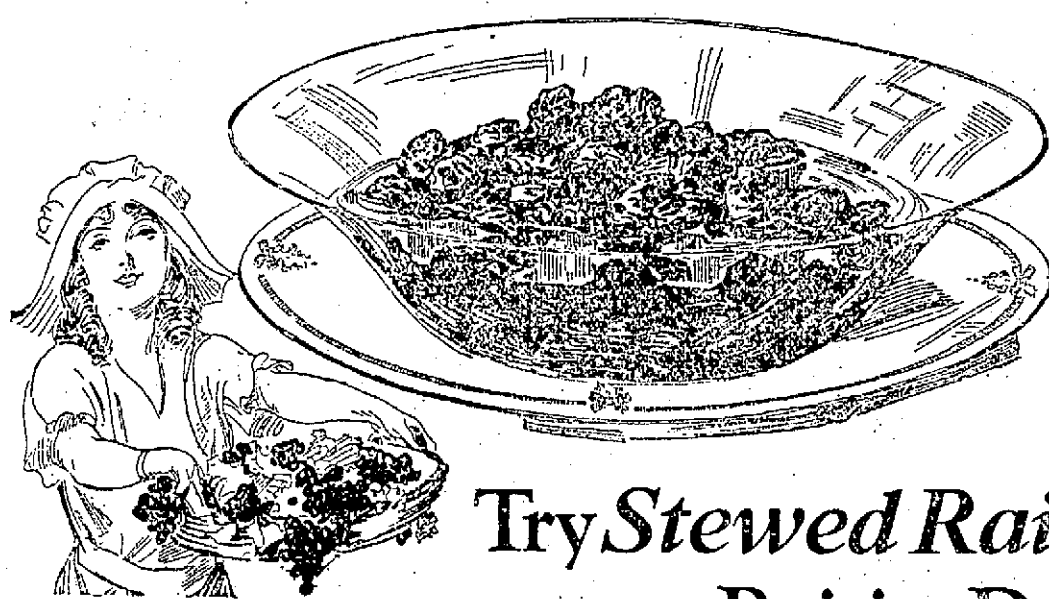

Mrs. Little Tells How She Suffered and How Finally Cured

Philadelphia, Pa.—"I was not able to do my housework and had to lie down most of the time and felt bad in my inside. My monthly periods were irregular, sometimes five or seven months apart and when they did appear would last for two weeks and were very painful. I was sick for about a year and a half and doctor but without any improvement. A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me, and the second day after I started taking it I began to feel better and I kept on taking it for seven months. Now I keep house and perform all my household duties. You can use these facts as you please and I will recommend Vegetable Compound to everyone who suffers as I did."—Mrs. J. S. LITTLE, 3455 Livingston St., Philadelphia, Pa.

How much harder the daily tasks of a woman become when she suffers from such distressing symptoms and weakness as did Mrs. Little. Such trouble may be speedily overcome by Lydia E. Pinkham's Vegetable Compound.

Raisin Day—April 30th

Next Saturday is Raisin Day all over the United States—the day on which millions will make and try delicious new raisin foods. Try them in your home. Begin on that day to get the benefit of the raisin's healthful food-iron which brings the pretty rose tint to the cheeks.

Stewed Raisins

Cover Sun-Maid Raisins with cold water and add a slice of lemon or orange to each half pound. Place on fire bring to a boil and allow to simmer for one hour. Sugar may be added but is not necessary as Sun-Maid Seeded Raisins contain 75% natural fruit sugar. Serve with or without cream.

Try Stewed Raisins on Raisin Day

—the attractive way to bring the bloom of youth to women's and children's cheeks

Stewed Sun-Maid Raisins are as luscious a dish as was ever served at breakfast. And they bring a benefit that everyone should have.

Rich in food-iron, raisins help to make red corpuscles for the blood. When cheeks are pale the blood has too little iron.

Raisins, through their iron content, tend to bring the rose tint back.

So raisins are "a beauty food," because they promote the good looks of good health. Serve stewed raisins at least twice a week.

Great sanitariums serve them to anemic patients every day.

SUN-MAID RAISINS

Use Sun-Maid Raisins in all your cooking, for they are the finest grown. Made from tender, juicy, thin-skinned California table grapes.

Packed in an immaculate plant in California. Clean, sweet, wholesome American raisins—the kind you know are good.

Three varieties: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). All dealers. Insist upon the Sun-Maid Brand.

BILLY WALKER

FRANCIS TRESCO MONTGOMERY

"Being lonesome was not the worst, though, for our little mistress died," said the ponies, "and we were sold to a horrid, unfeeling boy of ten, who had no regard for animals and treated them as if they had no sense and were incapable of feeling cold, thirst, hunger or fatigue. He always drove with his whip in his hand and amused himself by flicking at our ears and trying to take little pieces out, or he would race us against a long-legged horse and expect us, with our little short legs, to keep up with him. He never let us walk for a minute to catch our breath, but kept us on the trot or run all the time, no matter how many miles he drove us, and one day my sister lost her breath and dropped in the street as if dead. It

Sometimes we got our lunch at noon, sometimes at three o'clock and sometimes not at all. Oh, how we did long for a nibble of fresh green grass (our natural food) that grew all around us, but that we were never allowed to touch, or a drink out of the little stream that flowed across a walk that we were forced to wade through. Shall we ever forget the smell of the clover with the dew upon it, as we trotted home tired, thirsty and hungry from a long day's drive in the sun and knew we would not get even one bite of what we longed for? There are many boys like our young master, and I have always noticed that a boy or girl who is cruel to animals is sneaking and cruel to people as well, and I hope that I shall die before I am

ever again owned by another selfish, thoughtless boy.

"My sister and I hope that we may spend the rest of our lives here as the property of Violet, she is so very kind and sweet to every live thing and seems really anxious to understand our wants and needs. I must now cease for fear I have encroached upon the time of some one else," and with a bow, Calico stepped off the platform.

It is well he was through, for the meeting was suddenly broken in upon, in a most surprising manner, by carriage and buggy loads of people driving into the stable yard. There must have been at least twenty different signs of various sizes and descriptions. What could it mean, these people driving in and hitching their horses to the barnyard fence as quietly as their equine speaking only in whispers? (Can you guess?)

Spring Is the Time to Purify Your Blood

Most people stay indoors and eat so heavily in winter their systems get clogged with impurities—real poisons—that should have been cast off.

This is why itching, torturous outbreaks of the skin are common in spring. The blood, which normally disposes of these impurities, gets so overloaded it cannot work properly and is trying to get rid of them by extraordinary means.

You should regard these spring outbreaks as signals to look to your blood at once, for they are sure signs something is wrong within. The poisonous impurities have collected in your circulation until the danger point has been reached.

For this cleansing thousands rely on S.S.S., a remedy made of herbs which the Indians discovered centuries ago would purify the blood. It has been serving the white man now for fifty years in a better form than the Indians had it.

Don't delay a day longer, but get a bottle of S.S.S., and start right now to free your blood of the winter accumulation of impurities. Your druggist can supply you with S.S.S., and if you want individual medical advice free, write about your condition to Chief Medical Advisor, 833 Swift Laboratory, Atlanta, Georgia.

SOMEBODY IS ALWAYS TAKING THE JOY OUT OF LIFE—BY BRIGGS

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg un molested for one year? To rid the pesky bedbug, you can readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. desire to inveigle America into the negotiation is so strong that Berlin may yet yield to the allied demands by indirect communication through America.

Want Allies to Leave U. S. Out Of It
The school of thought here which frowns upon meddling in European affairs is of course displeased with the German maneuver and is hoping that the allies will take matters in their own hands and ignore the German communication to the United States. On the other hand, those who from the start believed America's moral influence was sufficient to settle the reparation controversy and thus improve the world economic situation look upon the German not as offering a splendid opportunity for leadership of which they are still hoping President Harding will avail himself.

For Itching Eczema, Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema, to stop the itching at once and any reliable druggist will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will do."

Then there is Alex. Loutel, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly. And from over the leg came a letter from A. J. Blockley, stating: 'The best thing I ever hit for itching piles is PETERSON'S OINTMENT.' to give the Germans their answer. Premier Briand already has spoken. Prime Minister Lloyd George will have expressed the British viewpoint before another 24 hours.

May Bring New Proposals
The upshot of the situation will be a new proposal from Germany of the occupation of the Ruhr Valley by French troops and further pressure upon Germany for an acceptance of the allied demands.

Four or five days still remain within which time Germany can make another offer but the probabilities are that if she decides to accept the allied demands the negotiation will be direct and without an intermediary. The feeling in the Washington government here is that the matter will be taken out of America's hands by direct negotiation and that the United States will not be further embarrassed. There is no telling however, what the Germans are likely to do and the

SWEAR OFF TOBACCO

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe, or for a chew, just place a harmless No-To-Bac tablet in your mouth instead, to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off—mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

America's duty in the circumstances. It was agreed that the United States could not put her stamp of approval on the document even vaguely and that the action must be of such a character as not to encourage the Germans in believing the United States had separated herself from her associates in the war. Some cabinet members believe that except for political situations in each of the European countries the German proposal might have been used as a basis for compromise. But the theory here is that Premier Briand is in a perilous position and that if his ministry is overthrown, France will come into the hands of a militaristic regime which will go to the extreme in handling Germany and possibly drive the Germans into chaos.

Lloyd George Trying to Save Briand
Prime Minister Lloyd George, who has always shown a disposition to be more reasonable with the Germans than extremists in France is believed to be lending his moral support at this moment to Premier Briand largely in fear of a political collapse in France of the Briand cabinet the stage's bulwark against unthinking mil-

SHE WASN'T SICK, BUT HER CHILDREN WERE

Six Months of Care and Worry Were Too Much for Her

GOT THIN, NERVOUS, TIRED

Her Brother-in-Law, a Doctor Said She Was Anemic and Advised Pepto-Mangan

Here is a story of a strong, vigorous mother who never knew what ill-health was. But three years ago her two little boys got into the habit of being sick.

Six months of care and worry were too much for her and brought to light the fact that with all her apparent vigor, she really was anemic. She lost flesh, couldn't sleep well and got nervous.

Then the doctor (her brother-in-law) prescribed Pepto-Mangan.

She said: "Fred explained a lot about the special sort of iron-content in Pepto-Mangan, and a lot of other things that I don't understand, but what I do understand is that a bottle of Pepto-Mangan is always going to be in my medicine chest as long as I live. Whatever it contains, I don't know or care, but I do know that it builds me up when I get run down, and that's enough for me."

Guides' Pepto-Mangan is an absolutely dependable red-blooded builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks and creates new hope and ambition in those who have become pale, weak, and listless.

Physicians recommend Guides' Pepto-Mangan. When you order, be sure the word "Guides" is on the package. Without "Guides" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—adv.

WHEELERSBURG
"The Winding of Latane" is the title of the class play of the Wheelersburg high school which will be presented at the high school auditorium in that village Friday and Saturday evenings, April 29 and 30.

The playlet which is in three acts is full of bright lines and reflecting comedy and it will be excellently staged and presented by a strong cast of characters. The big advance sale of tickets has made it necessary to reproduce the performance the second time and all indications point to two record-breaking audiences.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion

So-called stomach troubles, such as indigestion, sourness, flatulence, and inability to retain food are in probability cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Acid distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, which is due to the fact that the stomach is unable to digest the food properly. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid and make it bland and harmless, a teaspoonful of liquid magnesia, a good and effective corrector of acid, should be taken in a glass of water after eating or whenever sourness or acidity is felt. This is a safe, sure, and neutralizing remedy in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as Bismarck Magnesia which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial stimulants. Magnesia comes in several forms, so be certain to ask for and take only Bismarck Magnesia, which is especially prepared for the above purpose.—Adv.

Negative Side Wins Debate

A spirited debate featured an other-wise interesting literary program re-

dered at K. of P. Hall Wednesday evening by the Seniors and Juniors of St. Mary's High School. The program was one of exceptional merit and every number won rounds of applause, reflecting much credit on the pupils participating as well as the Sisters of St. Francis, who trained them.

A national political question was the subject of the debate and the negative side won the decision of the judges only after due consideration of

all points. All of the debaters acquitted themselves splendidly and their strong arguments were proof of the time they had devoted to their work.

The program for the evening was as follows:

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Faint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. B 85

Council team that has been awarded a berth in the Industrial League that is to start the season at the Seventeenth streets yards on Monday evening, May 10, will be decided upon at a meeting to be held this evening at the office of the Labor Review, Masonic Temple. The roster is still open, for while several players have been signed, there are some vacancies and it is hoped at tonight's meeting to complete the team. If you have a card and desire to make a try for the team, consider this an invitation to be present at the meeting tonight. Lou Herder, president of the Central Labor Council is desirous of having as many union men present this evening as possible, and any one desiring to attend, especially those who have baseball talent, will find the latch string on the outside of the door.

Union men are rallying solidly behind the team and judging from reports heard, the C. L. T. club will be one of the strongest in the league, and well worthy their cheers and support.

The meeting tonight will be held at 7:30—come on ye union ball players and show your interest.

LONE BANDIT ROBS OIL STATION

PORTSMOUTH, April 28.—Shortly after midnight last night a lone bandit, masked, held up and robbed the public service oil corporation filling station at the corner of Fourth and Venon streets, getting something in the neighborhood of \$100.

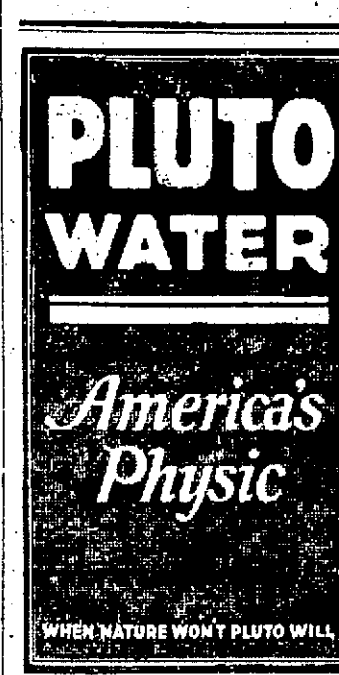

Manager John P. Ince, who was in charge of the station at the time, stated that the man came into the station when he was alone, pulled a revolver and threatened to blow out his brains unless he opened up the safe.

Mr. Ince complied with the bandit's request and he took all the cash in the safe. Before leaving he threatened to kill Mr. Ince if he followed him outside, but the manager followed almost as soon as he was gone and saw the bandit going up Fourth street. He secured a gun and started for him in his auto in company with George Blair, who rooms in a house nearby, under the impression that the man had confederates and would attempt to get to Ashland. In the meantime, however, he notified the police, who were soon at the scene.

The man who carried out the robbery was described as being rather tall, wearing a light suit of clothes and a cap. He answered the description of a man known to the police and they spent the night attempting to locate him but he could not be found.

Until the checks up, Mr. Ince does not know just the amount taken but thinks it will be around \$100.

SOCIAL RECREATION COMMITTEE ORGANIZES

Here on Visit
William Burns of Stuebenville is visiting old friends here. He was at one time employed by the firm of Burr, Price and Hall when they were located in the Danforth building.

An organization of the Social Recreation Sub-committee of the Portsmouth Leisure-Time Activities Committee was completed Wednesday afternoon when Mrs. Edward T. Reed was chosen chairman and Mrs. R. S. Kyle, vice-chairman. Plans for a full development of a social recreational program were gotten underway at the meeting and the first work of the committee will be to take charge of the play and game leading institute to be conducted here the next three weeks under the direction of Miss Jane Woodliff, social and physical recreational specialist of the national organization Community Service.

As a result of the institute, the city will have a large number of men and women who will be able to entertain social occasions by introducing new games and who will be able to provide leadership for children's play at all times and places.

The members of the Social Recreation sub-committee are: Mrs. Edward T. Reed, chairman; Mrs. R. S. Kyle, vice-chairman; Mrs. Charles D. Scudder; Mrs. C. M. Searl; Miss Mary Stokely; Miss Laura Long; Mr. N. B. Griffin; Mr. D. H. Higgins; Mr. Ralph J. Loft; Mr. C. C. Bennett.

The membership of the special committees in charge of arrangements for the play and game leading institute is as follows:

Committee on securing students from church membership: Miss Sue Evans, Miss Theresa Davis, Miss Kathryn Williams.

Committee on securing students from industrial concerns: Miss Lou Gordon; Miss Bertie Stalger; Mr. Everett Drew; Mr. R. J. Loft; Mr. N. B. Griffin.

Committee on securing students from clubs: Miss Helen Kardin, Miss Laura Long, Mr. C. C. Bennett.

Committee on arranging time and place for institute: Mrs. E. S. Gillilan, Miss Mary Griffin, Miss La Dora White.

Committee on publicity: Mrs. Clara Geer, Miss Maude Campbell.

Committee on securing students from mothers of city: Mrs. O'Brien Zottmann, Mrs. Pauline McKown, Miss Laura Long, Miss Edith Royce, Miss Clara Simpson, Miss Charlotte Lewis.

Persons interested in securing information concerning the institute can obtain it from the members of these committees or by communicating with the Bureau of Community Service.

REV. HORST'S RESIGNATION ACCEPTED

Rev. George P. Horst's resignation as pastor of Second Presbyterian church was accepted at a special meeting of the congregation held Wednesday night after the mid-week prayer services. The congregation voted to withdraw the relationship existing between the church and Rev. Horst as pastor of Second church.

The congregation voted first to have Mr. Horst reconsider the matter, and

a committee consisting of W. L. Leedom, C. E. Dowling and W. W. Gates was sent to his study to ask him to reconsider, but his decision was unchanged and the committee reported such to the congregation, which then voted to accept the resignation. Rev. Horst, in speaking to the congregation, said that he felt he had wonderful opportunity before him and one which he should accept. He said he appreciated the vote of the congregation in asking him to remain, but had carefully studied the matter and had made his decision to take up the work of Secretary of Men's Work of the Presbyterian church.

The congregation then voted to fill the vacancy on the board of elders caused by the resignation of Irving Drew. W. D. Hosa was then elected, but he declined the office and Norval H. Griffin was then selected. The election of Mr. Griffin caused a vacancy on the board of trustees, and Paul Williams was elected a trustee.

Singers

Anyone who speaks or sings in public, whose voice is apt to grow husky or weak from the strain, will find that this OXIDAZE tablet, slowly dissolved in the mouth before speaking or singing, will make a world of difference. This voice drug is strong and clear and natural even during an unusual strain.

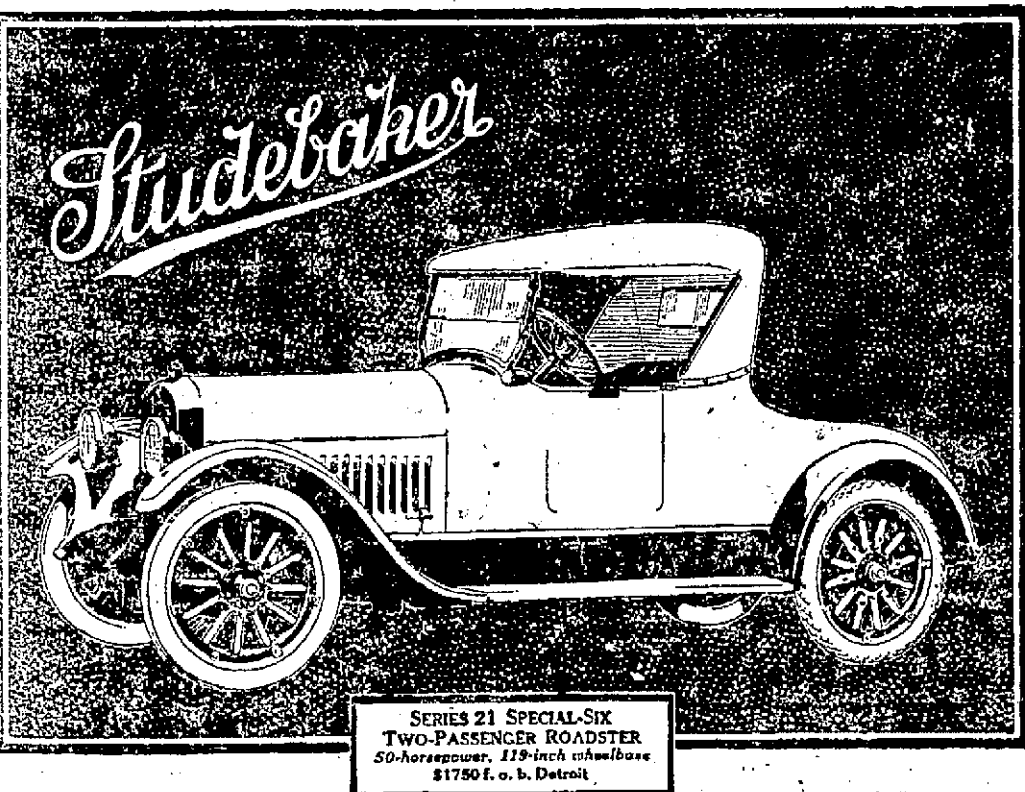

Thousands of people have testified to the remarkable value of these pure essential oil tablets, which bring such quick relief in cases of Hoarseness, Loss of Voice, Soreness, or "Ticking" in Throat, Bronchitis, Bronchial Irritation, Brachial Asthma, Coughs, Colds and as a preventative against Grippe, Influenza and Pneumonia.

One small inexpensive package of "Oxidaze" tablets will quickly prove the value of pure essential oil in cases of this kind; if they are always kept in the house for use in case of an emergency, they may save you many days of tedious illness or discomfort. Wurster Bros., Philadelphia or St. Louis or any good druggist can supply you—Adv.

Tom Mix in "The Untamed" a Thrilling Story of the Great West Opens a Three Day Engagement at the Columbia Tonight.

"A tale of the West, a story of the Wild; of three strange comrades—whistling Dan of the untamed soul, within whose wild eyes there lurks the baleful yellow glare of beast anger; of the mighty stallion Satan, King of the Ranges, and the devil dog to whom their master's word is the only law—and of the Girl.

"How, Jim Silent, the 'lone rider' and outlaw, declared a feud with Dan; how, of his right-hand men, one strove for the Girl, one for the horse, and one to 'ker' that black devil of a dog and their desperate efforts to achieve their ends form but a part of the stirring action.

"A tale of the West, yes—but a most unusual one touched with an almost weird poetic fancy from the very first page, when over the sandy wastes sounds the clear, sweet whistling of Dan of the desert, to the very last paragraph, when one hears the cry and the call of the wild geese flying south."

Such is the description by G. F. Putnam's Sons, publishers of Max Brand's novel, "The Untamed."

A wonderful picture, made from a wonderful story, with the daredevil Fox screen star Tom Mix in the role of Whistling Dan, is produced in the forthcoming offering at the Columbia Theatre which begins tomorrow. "The Untamed" is a strange romance of three inseparable comrades, of the love that came to the man, and the union of the 3 companions in wreaking a fearful vengeance. The picture is said to be the most appealing Mix has made.

Thos. H. Ince's Great Drama of Life and Love
"LYING LIPS"
STORY BY MAY EDINGTON
All star cast featuring House Peters and Florence Vidor
An Associated Producers Production

Everyone is Talking About "Thos. H. Ince's 'Lying Lips' Playing At The Eastland Theatre This Week—All Records Smashed For the First Three Days Showing on This Picture—Only Three Nights Left in Which To See It—Come Early Tonight and Bring the Whole Family.

PROGRAM—
A—Overture—"Prison Scene from the Opera 'Faust'"—Eastland Orchestra.
B—Pathe presents Snub Pollard in "Tumbling Over"—A Kolin comedy.
C—"The Eastland Review" in "Pathe" colors.
D—Thos. H. Ince's Great Drama, "Lying Lips"—4 Acts.
Selecting as the theme for his spectacular drama the two most vital and mysterious elements of human existence, life and love, Thomas H. Ince has created in "Lying Lips," his latest production for the Associated Producers, a photoplay which, it is stated, surpasses the most monumental of all his works, the unforgettable "Civilization."

The new special, in which House Peters and Florence Vidor are co-starred in an all-star cast, has been announced as the feature attraction at the Eastland.

Upon the foundation of the power-

ful theme, Ince has built carefully and surely with an unusual and thoughtful story, superb staging and production, a featured cast of talented players and flawless direction, a drama of exceptional merit.

Contrast, in Locale
Remarkable contrast and transition have been utilized to their fullest extent in making the picture one of the most vitally interesting, vividly spectacular productions of the season. The scenes flash from one colorful extreme to another, from the forests and prairies of Canada, to the drawing-rooms of the English aristocracy, from thrilling shipwreck scenes on the North Atlantic to gripping situations within the borders of a British manor house.

From the moment that Thomas H. Ince first selected the May Edington story as an Associated Producers special, nothing was left undone to make it a super-production in every sense of the word. Ince, himself, supervised every scene of the story, and personally directed many of the most elaborate episodes. The ideas and efforts of the entire Ince organization were concentrated upon making "Lying Lips" a feature that is expected to rank with the screen masterpieces of all time.

In the leading male role of Blair Cornwall, a young Canadian ranchman, House Peters is said to present a characterization superior to any of his career. Florence Vidor, conceded by critics to be one of the most beautiful women before the public today, outdoes any of her previous efforts as Nancy Abbott, a daughter of the English aristocracy, her pliant beauty and unusual poise and grace being one of the outstanding features of "Lying Lips."

Joseph Kilgour, in a leading character role, Margaret Livingston, Edith Yorke, Margaret Campbell, and other featured players, complete the exceptional cast.

Spectacular Scenes
"Lying Lips" was adapted to the screen by Bradley King, who has added materially to the power and color of the story, by her skillful character portrayals and her clever handling of the gripping and tense situations.

At the Exhibit Tonight, Last Time
Only, Neal Hart in "Danger Valley," Wherein Wolves of Wall Street Engage Wolves of the Desert in Deadly Combat—Actually Filmed in Famous Death Valley, So Parched and Torrid that Even a Rattlesnake Can Survive Only Nine Minutes.

Although "Danger Valley," the latest Neal Hart picture, is a story of the desert and was actually filmed amidst the heat and desolation of Death Valley, some of the earlier scenes portray the luxury and gaiety of New York society life. One of the biggest and most magnificent ballroom sets ever used in pictures was erected for the filming of this part of the picture, and over 100 extra people were employed. "Danger Valley" will be seen at the Exhibit theatre tonight.

An Ohio Man Testifies

Oak Harbor, Ohio.—"I had a very good experience with Dr. Pierce's Golden Medical Discovery. I had been having boils all over my body; my blood was impoverished and in very poor condition. I took the 'Discovery' and it cleared up my blood, and so purified it that I have never had any more boils. Dr. Pierce's Golden Medical Discovery is an excellent blood medicine and tonic to build up a run-down system and I am glad to recommend it as such."

Miss Ella Burris
Character woman with the Gordiner Bros. Stock Co. at the Sun Theatre, now playing "The New Minister."

Tonight the incomparable Gordiner Bros. Stock Company will open their second bill which will run tonight, Friday, Saturday matinee and night.

"The New Minister" promises to be one of the best of all rural comedy dramas with four good comedy pivots, the other character parts in the play hold the story and furnish the dramatic end of the love story.

There is not a dull moment in "The New Minister." Its characters do something worth while all through this wonderful play. Though thoroughly up to date and well up in what is termed the higher class of rural plays, its action moves with clarity of melodrama. It is thoroughly clean in tone and teaches an obvious moral lesson.

Miss Russell has one of her best emotional parts, while Miss Burris and Miss Whitworth have the comedy parts supported by Fred Carmel and Leo Harrison. Mr. Lord the New Minister, Mr. Estenberg and Mr. Stout are the villains.

Three days starting next Monday, May 2, "The Marriage Question."

Hey, Fans, Look Who's Going To Be At MILLBROOK Next Sunday

Wiedemann's Of Cincinnati Vs. Gabe's All Stars

The Baseball Treat The Fans Have Been Waiting For - Titanic Struggle Assured! SUNDAY MAY 1st. 2:30 O'CLOCK

Manager Gableman expects to give the fans the greatest attractions possible this year. To this end he has booked the strongest semi-pro teams in Ohio, Kentucky and West Virginia, namely Williamson, Ironton, Charleston, Zanesville, Mendels, Pan Handles, All American and Coco-Colas. Incidentally Portsmouth will be represented by one of the strongest teams in her history. For the opening game next Sunday, the Wiedemanns will present their usual strong team. This club won all three games against the All Stars last year and are regarded as one of the most popular aggregations that ever came to this city. Manager Charley Applegate will be at the helm. WATCH FOR THE LINE-UP OF GABE'S ALL STARS - EVERYBODY WILL ROOT FOR 'EM, BETCHA!

NOTICE TO AUTOISTS

The park has been reconstructed so as to permit the parking of cars along the first base and right field lines. The bleachers have been removed and this gives plenty of room to care for at least 1000 machines. Officials will act as care takers. Auto parties can view the games from their machines or from the grand stand, which ever they choose. Everything possible will be done to make pleasant the owners of automobiles. Drive through the gate at the left field fence and direct to the parking place.

Admission: General Admission 35c. Auto Gate 40c.

MINNEAPOLIS, MINN., April 28—

In a game featured by weird baseball, extra base hits and weather so cold that 354 fans—actual count—and players alike shivered, Minneapolis won the 2nd game of the Milwaukee series here yesterday 11 to 1. Russell's home run sending over the winning tally in the 8th. In the same inning Leav hit one over the right field fence with two Brewers on the bases, tying the score. Early in the game Fisher also hit a home run.

7 Double Headers

CHICAGO, April 28.—Postponements have almost caught up with games played on the White Sox schedule. Seven future double-headers have been chalked up, compared with eight games played, and Manager Gleason is complaining of the lack of opportunity to try out the string of recent pitchers, secured in place of Cicotte and Williams, who were among those dismissed because of the 1919 world's series baseball scandal. Last Sunday was the first appearance of three of the new pitchers, all of whom were batted hard by Detroit.

Team Leaves

MORGANTOWN, W. Va., April 28.—Coach Ira E. Rodgers' of the West Virginia university baseball team, and a squad of thirteen players left here last night for Philadelphia, where the Mountaineers will meet the University of Pennsylvania today. Nine teams, including Penn, Yale, Princeton, Army, Navy and LaFayette, will be played on the trip.

Fulton Vs. Colley

NEW YORK, April 28.—Fred Fulton, Minnesota heavy-weight, will meet Charlie Colley in a 15 round bout here tonight. In a ten round semi-final Billy Papke, of Baltimore, and Young Rosso, of Brooklyn, will meet.

Practice Game

A practice game will be played at McDermott Sunday afternoon between the McDermott regulars and a second team of that village. All of last year's regulars are urged to report for the Sunday afternoon contest.

SERRA WHIPPED

Joe Serra was given a good trouncing last night in Sandusky, Hope Mulvan turning the trick. Before Johnny Kishano stopped the fight in the seventh round.

PENNY ANTE

After Getting A Bum Check

FANS ALL SET FOR FISTIC TREAT

Everything is in readiness for the Martin-Webb ten round scrap in the Auditorium tomorrow night. These boys are always in shape to give their best services and local fight fans realize that this will be one of the best scraps ever staged in this city, and the Auditorium should be packed with light fans.

Martin has met all the topnotchers in the lightweight class and is a hum-dinger in the roped arena. Young Webb is the best lightweight in Ohio and will be here to give Martin a real battle.

Candidly speaking, this should be a rattling good fight and the Auditorium should hold its capacity. If Martin and Webb were matched in New York they would draw 5,000 fans. They are honest-to-goodness boxers and whether the fans here appreciate real scientific fighting will be given the acid test Friday night.

The first prelude between Doc Pride and Marvin Wallace will start at 8:30.

The many friends of Miss Elizabeth Smith and Mr. Joseph T. Mauley will be surprised to learn of their marriage which took place this morning at 9:30 o'clock in the study of Rev. W. C. Brundon, on Scioto Trail. The bride was beautiful in a dark blue tulle suit with beaded trimmings and a corsage of pink "Columbian" roses. She was attended by Miss Mary Lawrence, an intimate friend, and Mr. Walter Mauley, a brother of the groom, was best man.

Miss Smith is the attractive and accomplished daughter of Mr. and Mrs. Lona Smith and until recently held a responsible position with the Gilbert Grocery Co. The groom is an energetic young business man, being a member of the firm of S. P. Mauley and Son, of Seventh street. After the ceremony a delightful repast was served at the home of the bride's parents. Mr. and Mrs. Mauley left this afternoon for a two week motor trip through the south, and on their return will be at home to their friends at a cozy furnished cottage on McConnell avenue.

Bobbie Boyd, John Arthur, Betty Dietzler, Roger Doerr and George Cookes, who received shiny candy bouquets as favors.

The Women's Literary Club members who are planning to attend the meeting Friday afternoon at the home of Mrs. Theo Shump at Sciotoville, are notified that the auto bus leaves Chillicothe street at 2 o'clock and will stop at Mrs. Shump's home, just west of the Little Scioto River bridge.

Mrs. Frank Appel's class of the Trinity M. E. Church will conduct a bake-sale on market square Saturday evening.

The Loyal Helpers of the First Christian church, with Mrs. Alice Gore, the teacher, will meet for the regular business in the church basement Friday evening.

The members of the New Century Club, who have not obtained their new year books, may get them at the home of Miss Margaret Pimstone on Fourth street.

ITCHING ECZEMA FOR 4 YEARS

On Limbs in Pimples, Burned and Could Not Rest. Cuticura Healed.

"I suffered for about four years with eczema on my limbs, from my knees down. At first they were very small pimples, and after a while the skin would begin to swell and get thick and crack open. My clothing rubbed the eruption, causing awful itching and burning, and I could not rest at all.

"I began to use Cuticura and got relief, and when I had used two cakes of Cuticura Soap and one box of Cuticura Ointment I was healed."

Charles Cookes, son of Mr. and Mrs. Earl Cookes of Fifth street, celebrated his eighth birthday anniversary Wednesday with a birthday party for which he entertained a number of his playmates. Mrs. Cookes was assisted in amusing the youngsters by her sister, Mrs. J. C. Taylor. Counters were the order of the afternoon, and Charles Anderson, Phil Ruggles and Jack Davis won favors. Delicious ices and cake were served, the snowy birthday cake decorating the center of the table. Misses Ruth and Helen Hopkins assisted in serving the following: Jean and Betty Leach, Charles Seery, Jack and Betty Davis, Dick Taylor, Henry Kelson, Charles Anderson, Joan Strimatter, Edward Sperry, Bobbie Fuller, Ray Hannah, Charles Sommer, Charles Durr, John Bob Taylor, Billie Brunsart, Alberta Houbert, Virginia Keyser, Ruth Butler, Garnet Johnson, Katherine Phillips, Katherine Cox, Katherine Taggart, June and Katherine Donaldson, Phil Ruggles, Joe Lester, Ruth Giesler, Harriet Switalski, Anna Trischeller, Junior and Beverly Horn.

The George D. Scudder Guild of the First Presbyterian Church met at the home of Miss Katherine Appel on Gallia street for completing the organization on Tuesday night. This society is a mission circle for girls over eighteen years of age, and all girls eligible are urged to join. The first Tuesday in each month was the time set for meetings. The officers chosen were: Miss Katherine Appel, president; Miss Virginia Lyle, vice-president; Miss Avis Smith, secretary; Miss Anna Louise Robb, treasurer. The next meeting will be held next Tuesday evening, May 3, at the home of Miss Helen Liming, 1730 Fifth street.

The children of the Primary Department of Bigelow Church are asked to meet in the primary room at the church Saturday afternoon, at 7:30, to march to the High School for the performance there at 2:30. The performers, with their mothers, are asked to be at the High School at 2 o'clock.

Mr. and Mrs. James Crowe of the West Side, entertained a number of relatives for the day, including Mr. Crowe's aged grandmother, Mrs. Mary Sheppard, who enjoyed the delightful day with the family. Others composing the party who were guests for lunch at noon were Mr. Crowe's mother, Mrs. Nora Morgan, Mrs. Crowe's mother, Mrs. Mary Lorlier, Mrs. Harry Sheppard, Mrs. James Starlin and daughter, Mary Louisa. During the afternoon the guests gathered with flowers and the day was brought to a happy close with an appetizing dinner prepared by Mrs. Crowe.

Mr. and Mrs. John Robertson and son Raymond joined the party for the evening.

Mrs. Nora Morgan will leave Monday for Portland, Oregon, to visit with relatives.

The T. O. M. Club will be entertained at the home of Miss Helen Uhl on Sinton street, this evening at 7:30.

Miss Gladys Evans of Gallia street received the members of the Scioto Bridge Club this afternoon for the regular meeting, for which Mrs. Milton Longfellow, Mrs. Heron Johnson, Mrs. Wells Hutchins and Mrs. J. A. Salmon were guests.

A very enjoyable evening was spent at the home of Miss Mildred Blair, on the West Side, Wednesday evening, by a number of friends. Those present were Louise Turner, Margaret Compiment, Helen Woods, Vendetta Woods, Philip Huber, Theodore Eck, Glenn Mitchell, Clyde Zennu, Kline Blair.

The Ladies' Auxiliary of the Spanish War Veterans will hold a business meeting Friday evening at the home of Mrs. Albert Reinert, 1521 Summit street. All members are requested to attend.

Matthews Bill Leads To A Squabble

COLUMBUS, O., April 28.—A squabble over the authorship of the bill for a state audit of the books of the Miami conservancy district may kill it.

Representative Matthews, of Scioto county, and Senator DeWeese, of Miami county, are the principals. The senate amended the bill to make it read "DeWeese-Matthews." The house today concurred in all senate amendments except that one, and if the senate refuses to accept the action, the bill will go to the committee again and the chances are action held up until after the legislative adjourns.

Representative Carroll, of Carroll, asserted placing of DeWeese's name on the measure might be a parliamentary trick to defeat it.

"Draggy" and Worn-Out?

Youngstown, Ohio.—"During my early married life I became all run down in health and I would suffer so with pain that I could not stand or lie with any degree of comfort, and at times I would faint away. I cannot begin to tell how much I suffered. I doctored but did not get any better, and was told an operation was necessary. To this I would not consent. A friend advised me to try Dr. Pierce's Favorite Prescription and the Golden Medical Discovery, alternately, and I was completely restored to health and strength."

'Kuhner Buys Jansen Store

Jansen's Cut-Rate Grocery on Gallia street, near Offshore, has changed hands, the new purchaser being Harry Kuhner, late of South Webster, who moved to the city two weeks ago.

The grocery was bought by M. Kuhner from W. E. Tripp, who took over the business some months ago and continued the business under Jansen's name.

Mr. Kuhner is not a new hand in the grocery business, for he had a grocery at South Webster for some years, disposing of his business there two weeks ago to L. H. Cadot of South Webster. Mr. Kuhner will change the name of the local business from Jansen's to Kuhner's Cut Rate Grocery.

OSTEOPATHIC IDEAS

1. The normal human body keeps itself in good repair.
2. It is immune to disease as long as good blood flows freely to all parts.
3. Disease is only a relative reduction of immunity due to reduced vitality of a part whose blood supply is disturbed.

4. The blood supply is controlled by nerves from the Spinal Cord and these become disturbed by vertebral displacements and other spinal lesions.
5. The immunity to disease is reduced only to those parts whose blood supply is affected by the Spinal skeletal or other body structural derangement.

6. The origin of the trouble is often in the Spine alone.
7. Adjustment of the spine frees the nerve force, which in turn normalizes the blood flow, restoring immunity and curing disease.
8. The Osteopath reads a new and deeper meaning into the sciences of Anatomy, Physiology, i. e. integrity of structure.

New-York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, April 28.—People who believe that only the mediocre man likes to strut should study the successful New Yorker. History repeats itself, and the smartest men are the most vain. Most of us have laughed at the late "Diamond Jim" Brady, smiling with half a pint of diamonds in his shirt up and down the theatre aisle. And yet Brady was one of the greatest salesmen in America and was a millionaire.

Caesar is always represented with a laurel wreath on his head. He did it to hide his baldness. The "voice" richest man wears a toupee and is said to have a special wig-maker. One of the highest paid comedians who does not hesitate to make himself a clown on the stage, pays a press agent \$12,000 a year to make the public believe that he is a great scholar. He is as a matter of fact sadly lacking in education.

The Diamond Horseshoes at the Metropolitan made a testimonial to the successful New Yorker's desire to strut. A box costs a fortune a year. The occupants are generally bored to death with operas that they have heard time after time and they come when the performance is half over merely to show their ropes of pearls, tiaras and gowns. The real lovers of music are perched perilously in the gallery.

I know a man who has made a great success in a certain line. His office is in a skyscraper that he built. Adjoining his private office is a dressing room. A personal rick is in constant attendance. The man changes his attire sometimes as many as four times a day.

The temperament of stage and opera stars is nearly always vain. The fact that nearly every member of New

York's Four Hundred has a press agent gives an insight into the vanity of the upper strata.

And vanity at times touches those in less conspicuous walks of life. On Astor avenue there is a barber's window where large porcelain letters announce: "Salvatore, Condiolli, American Citizen, Tonsorialist."

Two former Broadway rounders, who were always merry and bright as the dawn came, were discovered in a soda fountain the other night at 10 o'clock having a farewell luncheon before retiring. A friend came in and suggested that things were pretty bad. "O, not so bad as you think," replied one. "Tomorrow night we are going to a taffy pulling and Sunday morning if it doesn't rain a gang of us Indians have picked a spot up in Central park for a peppermint drop fest."

Two of the most vicious criminals ever registered at the Tombs prison admitted to the keeper the other night in a moment of confidence that after their first wrong step they would have turned straight had it not been for the police bounding them whenever they got a job. "We had to give them half, we made," they said, "or they would see that we got fired." These rounders are being told constantly by hardened criminals. They may be true, and they may not but it seems they should at least be investigated but they never are.

The Fifth Avenue shops catering to women are showing black and white gowns almost exclusively. The combination is going to be the most popular this summer if they can make it so. White gloves are even trimmed in black as are white parasols.

TOPICS OF THE TIMES

The Sibley Service, Gallipoli, Ohio

By W. G. SIBLEY

The Dog in the House

There are few boy lives or man lives in which a dog has no place, and no other domestic animal has so many contradictory characterizations in literature or in current speech. The Jewish law declares a dog "unclean," and the most offensive epithet a Jew could use was to declare a man "a dead dog." Moses refused the offering of the price of a dog in the tabernacle, an early instance of tainted money; while Christ in Revelations excludes dogs from heaven in the passage: "For without are dogs, sorcerers and whoremongers, and murderers, and idolaters, and whosoever loveth and maketh a lie." We recall but one tolerant expression about the dog, in Scripture—"for a living dog is better than a dead lion."

But while the dog has ever been regarded by the Jews as abominable, he has won his way into the affections of a great multitude of human beings because of the qualities he has demonstrated. In the museum at Bernese the stuffed skin of Barry, the famous mastiff who saved forty lives—among them that of a little boy whose mother was destroyed by an avalanche. The ancient Crusaders made the dog a symbol of affection and fidelity. The Roman mentions At Rakim, a dog admitted to Paradise by Minotaur, because he was believed to have stood guard over the Seven Sleepers without moving, eating drinking or sleeping for 200 years.

The ancient Romans called the ace in dice "canis," the Latin word for dog. To throw three aces was to lose the game, and the saying, "the ace to the dogs," as a synonym for ruin or bad luck. The expression dirty dog "means one morally filthy; one defiled with mere skin dirt is called a dirty pig." Our literature is sprinkled with references to the dog, many of them highly complimentary. We quote one of them attributed to Johnson by Roswell.

"Sir, a woman preaching is like a dog's walking on his hind legs. It is not done well; but you are surprised to find it done at all."

But with all on record for or against the dog, he is a part of home life wherever conditions permit his existence. His love for children has long preserved him as the favorite domestic animal, to say nothing of his general usefulness on the farm. He is liked or disliked by individuals. Nobody is neutral over a dog. We confess a disposition to love any dog that comes our way; we have been of that disposition

since childhood, and nothing excites our ire quicker than abuse of a dog. People who poison dogs arouse murderous emotions in our breast.

We drop one hot tear for the International Paper Company. Its common stock earned only 52 per cent last year, while little newspaper offices all over the country were going out of business because of prohibitive news print prices. We recall a big paper mill that told its patrons last fall that paper prices would be a year or yet higher. That was when country concerns were paying 15 cents a pound for its product now selling for less than half that in the open market.

The retail food buyer's dollar has increased 18 cents in purchasing power, the wholesaler's 24 cents, says an eastern authority. Cheering news. For any purpose a dollar has a lot more punch than it had a year ago—for buying. Figures on its general earning power are not now available, but the trend is in the right direction. Pessimism in business has about run its course. The sun of optimism is above the horizon at last.

The wife who baked a vial of her hair in cakes for her husband because a seafarer told her it would hold his love, got a divorce suit instead. He refused to believe her story after chewing her hair. What a world!

To Give Musical

A musical will be given at the Pleasant Green Baptist church under the auspices of the Young People's Union Friday evening when Miss Whitely, soloist, and Miss M. Mitchell, pianist, of Athens university, will appear under the management of Kenneth Fox.

A splendid program has been arranged for the evening, and judging from the advance sale of tickets, these artists will be greeted by a big audience.

Back From Chillicothe
Attorney Guy Blair has returned from a business trip to Chillicothe.

Questions AND Answers

(Any reader can get the answer to any question by writing The Portsmouth Daily Times information Bureau, Frederic J. Haaska, Director, Washington, D. C. This Bureau cannot give advice on legal, medical and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Who receives applications for membership in the American Federation of Labor?—H. R. M.

A. Individuals are not members of the American Federation of Labor. They become members of the local unions of the trades in which they work, these unions in turn affiliating with the American Federation of Labor.

Q. Is it true that in a museum there is a needle on the point of which the "Lord's Prayer" is engraved?—W. H. R.

A. There is nothing in a museum in Washington, which fits this description exactly, but there is a piece of paper in the shape of a circle, 1 1/4 of an inch in diameter, on which the Lord's Prayer and the Ten Commandments are printed. There also is a small type (16-point printers' type) on the head of which the Lord's Prayer is printed.

Q. What does the word "fannigan" mean in baseball?—A. D. D.

A. This term refers to the second team, composed of rookies, who may or may not be retained on the regular team.

Q. How many colleges are there in this country?—T. J. G.

A. The United States Bureau of Education says that there are 607 colleges and universities in the United States.

Q. What is lignum vitae used for?—J. C. W.

A. This is the hardest wood in the world, is found in South America, and is used for bearings in machinery and for making bowling alley balls.

Q. What kind of oil or fat is lanolin?—J. M.

A. Lanolin is wool fat or wool grease in a purified condition. It is often used as a basis for ointments.

Q. When was the steam shovel invented?—T. H.

A. The steam shovel was invented by an American named Otis, but did not come into general use till 1865.

Q. How does a pretzel get its name?—B. B. K.

A. The word "pretzel" is from the German "prezel" or "brezel." It was derived from the Latin "bracellus" meaning an armlet, and the name was suggested by the shape of the biscuit.

Q. Please tell me how much loss to the government the parcel post system is.—J. J. H.

A. The Post Office Department says that the Parcel Post System is not maintained at a loss to the Government, the annual report showing a profit.

Q. Give an example of a word which has two directly opposite meanings.—W. A. M.

A. "Cleave" is such a word. It means both to "cut asunder" and to "cling together."

Q. What per cent of the trenches on the western front were held by American troops at the close of the war?—M. M. O.

A. The War Department says that 21 per cent of the front line trenches (western) were held by Americans on November 11, 1918.

Q. Are all diseases caused by germs?—McC.

A. It is only so-called infectious diseases that are caused by germs. Diabetes, cancer, gastric ulcer, apoplexy, Bright's disease, etc., are examples of diseases not due to germs.

RIVER NEWS

The Ohio river continued to rise slowly in the Portsmouth district Thursday morning when a stage of 14 1/2 feet was recorded.

The Chris Greig, pushed up at 11 a. m. from Huntington two hours late, having been delayed by the fog. The steamer Chilo will be down from Pomeroy at 31 p. m. Thursday, departing at 6 a. m. Friday for Cincinnati.

BIRTHS

Mr. and Mrs. Norman Kitchen of 1023 Grandview avenue are the parents of a daughter born Wednesday. Mr. Kitchen is employed as electrician at the steel plant.

To Award Contract

BRANTON, O., April 28.—The directors of the Branton-Bussell Bridge Company will meet on April 28th to effect an organization and the next step will be the award of the contract for the bridge.

Your Love

Do you know how the little stars come forth.
For acolytes to whom the priest has given
A lamp to carry, brimmed with sacred oil
As one by one they climb the stairs of Heaven
To the cathedral doors and find within
The silver altar of the Lady Moon
So come the starlight of your thoughts
To me.
And thus you carried all along my night
The myriad lamps to love's cathedral doors.

Do you know how the gentle dew is laid
Like moonstone mysteries upon violets?
How night's expectant fingers part the leaves
And day comes with his leopards crouching down
At the dark edges of each garden place
And sprinkles dew upon the blossoming.

Libation from the dawn's loving cup,
Ere he lets loose his chariot in the skies
And every river shows the blazing trail
Of golden wheels? Thus came four tender love.

Laid on my life like dew on violets,
Drawing a sweetness out, and giving it
Unto the world in all I wrote of you!
—M. Forrest in Cartoons Magazine.

A Riding Hat

Harold Lloyd started to laugh when "Sunshine Sammy" walked on the "lot" one morning wearing a plug hat with a red feather stuck in the band. "What's the idea?" Lloyd asked.

"going to a masquerade?" "That's nah, ridin' hat," said the little colored fellow with a careless wave of his hand. "Ah wear it on the street cars."

Hard To Realize
He looked as though he had been in an airplane smash and was clearly dazed. As there was no damaging odor about him, however, the officer spoke to him kindly.

"What's the matter?" he asked. "No; it doesn't seem possible," the citizen muttered.

"What doesn't?" "Incredible in fact yet the truth," the bemused one rambled on feeling gently the large lump adorning his head.

"What is?" the officer demanded showing symptoms of impatience. The other sighed. "Why," he explained, "I do not seem to be able to bring my mind to a realization of the fact that my wife is really and truly the same woman I try to hold on to my lap and call myitty-bitty, tootsy-tootsy, lover-dovey, but, by gosh, it's actually a fact."

Pressure against rails relaxed after the early dealings and the market steadied on further buying of oils and motors. Royal Dutch, Shell Trading, General Asphalt, Studebaker, Pierce-Arrow and Chandler showed extreme gains of 1 to 2 1/2 points and Bethlehem and Republic Steels rose 1 to 1 1/2.

Baldwin Locomotive, American Woolen, United Fruit and Sears-Roebuck made similar additions to the advance. Before noon, however, Mexican Petroleum became the center of a concerted drive, reacting 3 1/2 points to an actual overnight loss of 2 1/2 and causing sharp reversals elsewhere. British exchange was more responsive to the lower bank rate but the local money market held firm with call loans at 6 1/2 per cent.

Trading in the stock market today was somewhat mixed, the lower bank of England rate being offset by firmer domestic money tendencies. Sales approximated \$30,000 shares.

The closing was irregular.

THE MARKETS

NEW YORK STOCKS

NEW YORK, April 28.—Selling of railroad shares was resumed at the opening of today's stock market as a result of yesterday's cut in the Pennsylvania dividend. Atchafon, Pennsylvania, St. Paul, Union Pacific and Canadian Pacific were lower by fractions to a point. Motors and affiliated specialties were heavy. Willys-Overland preferred losing 1 1/2 points and Rosell Magneto 3 points. Oils, shipping and some of the independent steels featured the firmer issues. Preliminary foreign exchange rates on London were not materially altered, despite the unexpected reduction of the discount rate announced by the Bank of England.

Royal Neighbors to Dance

A short business meeting of Delta Camp, Royal Neighbors will be held tonight at 7 o'clock sharp, following there will be a big social and dance for members and their friends at the Palace of Ben Hur. Members and friends who have not secured tickets from the committee may obtain tickets at the door. The music for the dance will be furnished by Anderson's orchestra. The committee in charge included Mrs. Hannah Edgington, Mrs. Marjorie Evans, Mrs. John Stephens and Mrs. Gertrude Tower.

Juniors to Banquet and Entertain

Civil War Veterans

Saturday evening May 28 the joint Councils of the J. O. U. A. M. of Portsmouth and New Boston and their Auxiliaries, White Lily and Millbrook Councils of Daughters of America will banquet and entertain the veterans of the G. A. R. of this country. Five years ago the lodges held the same kind of entertainment and at that time over 100 veterans were present. The banquet will be served at the Selby restaurant room and at the end of the feast the meeting will adjourn to the High School Auditorium where an appropriate program will be given. Some high officers of the Juniors will be present to deliver an address on a patriotic subject. There will be several other interesting talks, musical selections, reading and recitations, the general public to be invited to the program at the high school. Henry Hibbs of New Boston, Council No. 288 is chairman and Edwin Walters secretary of the general committee in charge of all arrangements. Invitations are to be sent to all veterans in the country and if any have been missed or overlooked they should send in their names and address to one of the Junior Councils.

Maceba Women Meet Tonight

Members of the Ladies of the Macebaes will be entertained with a social session at the home of Mrs. J. H. Schuchy 816 Grimes avenue this Thursday evening.

Initiate One Candidate

One candidate, Charles Hess was given the degree, work at the regular meeting of the Catholic Order of Foresters Wednesday night. Only a short session was held as many of the members wanted to attend the Knights of Columbus dance. All members of St. Joseph's Court, C. O. F., are requested to meet at Holy Redeemer church Sunday morning to attend the May crowning.

Juniors Initiate One

At the Portsmouth Council No. 38, Jr. O. U. A. M. meeting last night one candidate, Harrison Colclough, was initiated. One application was received and one application favorable ballot and one application favorable ballot were given. Two candidates will be given degree work next week. Plans were also discussed for the big meeting to be held May 28 for G. A. R. veterans.
